We have started transitions from term 1 this year with links to primary one in our outdoor play, visiting primary one, and visits in the school for things like assembly/panto/gym/lunch. This term after the In-service days we will be having visits from the P6s into the nursery at snack time to build up a relationship with our preschool children in order to establish buddies.

#### Literacy

Children every day are listening and watching for useful information to learn new things and make choices. We have 2 new children who have started with us at St Cyrus and who have settled well, learning the different routines. We will be learning about recycling and the environment and how we can help the environment. We will be asking the children what they would like to learn about recycling this week.

How to support at home: Try reading a story at home to your child. Giving a child time and full attention when reading them a story tells them they matter. It builds self-esteem, and vocabulary, feeds imagination, and even improves their sleeping patterns.

### Numeracy and Mathematics

This term we are going to investigate sorting and organising. We will encourage children to ask questions and display their findings in different ways. This week we are starting to learn about recycling,

> and this will help us learn what items need sorted into different bins.

How to support at home: Your child could help with recycling at home or taking them to the

bottle point to sort different colours. Please send in any pictures of this!!

Just a small reminder, please could you remember and bring gloves/hat/wellies for your child to nursery as we go outside in all weathers. You can keep these in your child's cubby if you would like. The nursery also have spares of these, just as a staff member and we can add their name to it and keep in their cubby.
